

Flavor Spotlight

Maple Pecan

The timeless pairing of maple pecan evokes memories of warm pie fresh from the oven, candied nuts, and decadent fudge shared during special moments. Rich, buttery pecan notes beautifully complement the natural sweetness of maple, layered with hints of caramel and subtle earthiness for a well-rounded, comforting taste experience.

From our experts

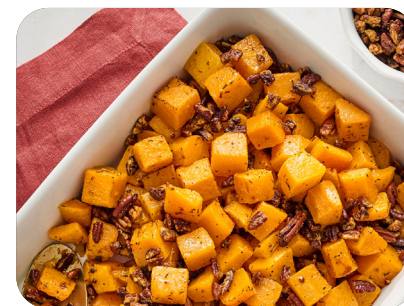

“I love our **Maple Pecan Pie Cereal** demo that features **Maple Pecan Pie Type Natural flavor**. Maple pecan is such a great combination because it pairs the approachable indulgence of sweet brown maple syrup with the nuttiness and slight earthiness of pecans. They balance each other out and make for very craveable sweet snacking profiles.”
